16 Defendant.	)	

17 IT IS HEREBY STIPULATED, by and between the parties to this action, that the sentencing  
18 date in this case, previously scheduled for Friday, November 2, 2007, at 10:00 a.m., before  
19 Honorable Judge D. Lowell Jensen, may be continued to Friday, November 16, 2007, at 10:00 a.m.  
20 for sentencing. Mr. Hassan has been in the hospital since July 17, 2007, aside from a few occasions  
21 during which he was released but then had to return for complications, and he was most recently  
22 released from the hospital earlier this week. His doctor indicated that because of his extended  
23 hospital stay, he is still very weak. Mr. Hassan previously has been diagnosed with respiratory  
24 problems which are separate from the ongoing problems he has experienced as a result of Crohns  
25  
26

1 disease and pancreatitis. Dr. Kristina Kramer, the treating doctor for the respiratory issues, indicated  
2 that Mr. Hassan was most recently in the hospital because his respiratory condition flared up in  
3 reaction to an infusion of medication that he receives regularly for his Crohns disease. Mr. Hassan is  
4 not scheduled to get his next infusion for at least eight weeks so this complication is not likely to  
5 reoccur again before his next court appearance. Dr. Kramer indicated that although Mr. Hassan is  
6 currently very weak from his extended hospital stay, his respiratory condition is steadily improving  
7 in response to the prescribed treatment and she expects his condition to continue to improve.
